

SLFCU 2024 Board Candidates - Biographies

Andrew Steele, MS, MBA, Manager of Enterprise IT Tools and Services at Sandia National Laboratories. I was attracted to Sandia as an undergraduate student intern in 2002. Prior to management I was a software engineer at Sandia for almost twenty years and received a special appointment to Distinguished Member of Staff. For the past two years, I have served on the SLFCU Supervisory Committee helping to interpret cyber security audits. If elected as a Director of our Credit Union, I will prioritize information technology innovation to improve the member experience while helping to maintain our institution's financial stability.

R. Duff Lill, MBA, PMP, Senior Manager of the National Securities Program Operations at Sandia National Laboratories. During my 17 years at Sandia, I've had the opportunity to manage multiple organizations providing me a breadth of experience in leadership, program management, financial accounting, facilities, and operations. I have volunteered with SLFCU for over 10 years serving on both the Board and Supervisory Committee. If reelected to the Board, my commitment will be to continue to ensure SLFCU meets its mission of serving our membership while encouraging the organization to evolve and grow in alignment with membership expectations and industry demands.

Louis G. Griego, MBA, CPA, PMP, Director, Integrated Supply Chain Management. My professional experience at Sandia includes program management, financial management, business, and supply chain operations. For the last six years, I have been a member of the SLFCU Board of Directors and have led several committees. If elected as a Director of our Credit Union, I commit to our membership that I will keep us moving forward. I want our Credit Union to innovate in the products and services our Credit Union offers our members, while maintaining the financial stability that has been a hallmark of our institution.
